

# KAVERI'S IAS: ANTHROPOLOGY

DAILY ANSWER WRITING PRACTICE: ONE DAY, ONE TOPIC & ONE HOUR TEST

Feel the Reality....Most efficient for self Preparing students for improving their chances in clearing UPSC Exam.

Improve your Answer writing expression in matured manner over the Practice of more than 45 trials Test.... Identify your mistakes & rectify solutions for those deviations in your preparation.

## 365 DEGREE TEST SCHEDULE FOR ANTHROPOLOGY (9.1 to 12)

Test No	Topic	Test No	Topic	Test No	Topic
1	Aging + apoptosis + Senescence and forensics' Anthropology	5	Biochemical methods & Immunological methods + Epidemiological anthropology: Infectious and non Infectious diseases + Nutritional related diseases.	9	Numerical and structural aberrations + Sex chromosomal aberrations + Autosomal aberrations
2	DNA Technology in diseases and medicine + Serogenetics Cytogenetics in reproductive Biology + DNA technology and recombinant technologies	6	Methods for study of genetic Principles in man family study – pedigree analysis, twin study, foster child, co twin method, cytogenetic method chromosome and karyo type analysis.	10	Biological and cultural factors in human evolution + Theories of organic evolution + Synthetic theory of evolution + Mutation, isolation, migration, selection and In breeding and genetic Drift in evolution
3	Human DNA profiling + Gene mapping and Genome study + Genetic imprints in Human diseases + genetic screening,	7	Biological basis of life: the cell DNA structure and replication + Protein synthesis, gene, mutation, chromosomes and cell division.	11	Concepts of genetic polymorphism and selection + Mendelian population, hardy – Weinberg Laws
4	Methods and Principles of personal Identification and Reconstruction + Applied Human genetics – Paternity, Genetic counseling + Eugenics	8	Age, sex and Population variation as genetic maker + ABO, Rh blood Groups, HLA Hp + Transferring, Gm and Blood enzymes.	12	Physiological characteristics – Hb level, Body fat, Pulse rate Respiratory and sensory perceptions in different cultural and socio – economic group.

### FEATURES:

- ✓ Effective Evaluation
- ✓ One to One Interaction
- ✓ Personal Guidance
- ✓ Analytical Model Answers
- ✓ Pictorial Diagrams

PTO

13	Race and Racism + Biological basis of morphological variation of non metric and metric characters + Racial criteria and racial traits in relation to heredity and environment + Biological basis of classification, differentiation and race crossing in man.	16	Primate adaptations and primate behavior + Tertiary and quaternary fossil primates, Living major primates + Living man and apes, skeletal changes due to erect posture and its implications.	19	Demographic Theories + Biological & social factors influencing fecundity, fertility, natality & mortality
14	Mendelian genetics in man family study + Single factor, multifactor, lethal and sub lethal + Polyheritance in man	17	Concept of Human Growth and development: stages of growth – pre natal to maturity + Biological and chronological longevity + Human physique and somatotypes and methodologies for growth studies.		
15	Relevance of menarche, menopause and other bio events to fertility + Fertility patterns and differentials + Consanguineous mating and non consanguineous mating + Genetic Load and genetic effect of consanguineous and cousin marriages.	18	Applications of Anthropology: Anthropology of sports, nutritional anthropology, anthropology in deigning of defense and other equipments		

**Note: The Days of Examinat ions are Liable to Alteration, if the Circumstances so Warrant . Thanks. KAVERIS IAS**
